**Wonderful Cures.**  
W. D. Hoyt & Co., wholesale and  
retail druggists, of Rome, Ga., say:  
"We have been selling Dr. King's  
New Discovery, Electric Bitters and  
Bucklen's Arnica Salve for four  
years. Have never handled remedies  
that sell as well or give such  
universal satisfaction. There have  
been some wonderful cures effected  
by these medicines in this city. Several  
cases of pronounced consumption  
have been entirely cured by use  
of a few bottles of Dr. King's New  
Discovery, taken in connection with  
Electric Bitters. We recommend  
them always. Sold by W. C. Gaston

There is something even better  
than success within the reach of each  
of us, and that is the consciousness  
of having manfully striven, in spite  
of untoward circumstances, faithfully  
and cheerfully to do our duty in  
that state of life in which a merciful  
providence has cast our lot. This  
involves patience and endurance,  
courage and forbearance, and affords  
numberless opportunities for the  
exercise of true heroism.

**To Consumptives.**  
Reader, can you believe that the  
Creator effects one-third of mankind  
with a disease for which there is no  
remedy? Dr. R. V. Pierce's "Golden  
Medical Discovery" has cured  
hundreds of cases of consumption,  
and men are living to-day—healthy,  
robust men—whom physicians pronounced  
incurable, because one lung  
was almost gone. Send 10 cents  
in stamps for Dr. Pierce's book on  
consumption and kindred affections.

The prince of Wales has received  
a present of a table nearly 10 feet  
in circumference made out of the  
hide of a rhinoceros killed in the  
recent Kilimanjaro expedition. The  
top of the table, which is beautiful  
polished and quite unique in design,  
is partially supported by bones  
nearly twenty inches in length.

The best method for checking  
desertions is still a problem to army  
officers. Desertion has diminished  
of late but still about three thousand  
men desert annually. The bulk of  
the army is stationed in the growing  
West, and bright men in the ranks  
see the immigrant or new settler  
growing rich while they are compelled  
to await the lapse of years before  
they receive an increase of pay. Many  
men who would be contented in the  
filled-up East become restive in the  
West and desert. Adjutant General  
Drum suggests that soldiers  
discontented with the service be  
allowed to purchase their discharge  
for a fixed sum. This is to America  
a radical suggestion, but is a  
method in vogue in some foreign  
services, and is reported to work well.  
Military authorities are the more  
troubled about desertion now because  
never in its history did the  
regular army contain finer material  
in its ranks than it contains to-day.  
It is just this element, intelligent  
young men who enlisted during the  
business depression of a few years  
ago, who sigh for an opportunity to  
return to civil life and avail themselves  
of the opportunities it presents.

Ed. J. Brown, druggist, of Edina,

very poor for years. I only weighed  
110 pounds when I commenced using  
"Nerve Tonic." I have used two  
bottles and now weigh 130 pounds,  
and am much stronger and better

great satisfaction.

**DON'T**  
let that cold of yours run on. You

Or consumption.

## CONSTIPATION

Is called the "Father of Diseases," because there is no medium through which disease can attack the system as by the absorption of poisonous gases in the retention of decayed and effete matter in the stomach and bowels. It is caused by a Torpid Liver, not enough bile being secreted from the liver to produce Nature's own cathartic, and is generally accompanied with such results as:

**Loss of Appetite,  
Sick Headache,  
Bad Breath, etc.**

The treatment of Constipation does not consist merely in stimulating the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce the less greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system.

"My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and, having tried almost everything else, concluded to try it. I first took a wineglassful and afterwards reduced the dose to a teaspoonful, as per directions, after each meal. I found that it had done me so much good that I continued it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but have no use for it, it having cured me."—Geo. W. Sims, Asst. Clerk Superior Court, Baltimore, Md.

We are in the midst of centennial  
celebrations, and with becoming  
pride we rejoice in American skill  
and ingenuity, in American energy  
and enterprise, and in the wonderful  
natural advantages and resources  
developed by a century's national  
growth.

Yet when an attempt is made to  
justify a scheme which permits a tax  
to be laid upon every consumer in  
the land for the benefit of our manu-  
facturers, quite beyond a reasonable  
demand for governmental regard, it  
suits the purposes of advocacy to  
call our manufacturers infant indus-  
tries still needing the highest and  
greatest degree of favor and foster-  
ing care that can be wrung from federal  
legislation.—*Grover Cleveland.*

**A Sure Thing.**  
There are very few things in this  
life of which we may be absolutely  
certain, but this is one of them: That  
Dr. Pierce's "Pleasant Purgative  
Pellets" have no equal as a cathartic  
in derangements of the stomach,  
liver and bowels. They are very small  
and their action is pleasant. Purely  
vegetable, perfectly harmless. 25  
cents a vial. All druggists.

**A Wonderful Food and Medicine.**  
Known and used by physicians all  
over the world. Scott's Emulsion  
not only gives flesh and strength by  
virtue of its own nutritious prop-  
erties, but creates an appetite for food  
that builds up the wasted body. "I  
have been using Scott's Emulsion for  
several years, and am pleased with  
its action. My patients say it is  
pleasant and palatable, and all  
grow stronger and gain flesh from  
the use of it. I use it in all cases  
of wasting diseases, and it is espe-  
cially useful for children when nu-  
trient medication is needed, as in  
Marasmus."—T. W. PIERCE, M. D.,  
Knoxville, Ala. "It is palatable  
and easily assimilated, and children  
take it so readily that it is a pleas-  
ure to give it."—M. L. FIELDER,
